PEABODY'S SPELLING BEE CHAMPIONS

The atmosphere at Peabody Elementary's Spelling Bee was much like that of a game show. The participants sat nervously in their seats awaiting the opportunity to spell a word that pronouncer, Dr. Susan Dold would enunciate. Each one having hopes of earning the coveted title of "Champion Speller."

The audience waited with great anticipation and bated breath as each participant walked to the microphone and listened for their word, only exhaling after

Rueben Dailey, Cameron Weatherspoon, and Dontavious Siggers

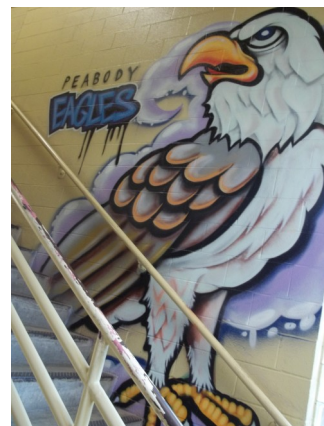

each attempt. This ambiance continued until the judges announced Reuben Dailey, a 5th grade student, as the winner. Rueben has held the title of Champion Speller for the past three years. He will represent Peabody at the final local competition February 1st at the Al Chymia Shrine Center. Cameron Weatherpoon placed second while Dontavious Siggers placed third. Both are fourth grade students. We are proud of all student participants—you are all winners to us!

Local Artist Shares Craft

Local graffiti artist Brandon Marshall worked for two days to complete the mural in the east stairwell. We were fortunate enough to receive this opportunity as a result

of Ms. McMullen's "Memphis Monday" connections. Kudos to Ms. Karen Golightly, Pip's mom, for sharing her expertise about graffiti art and

for organizing this event for our school. The mural will serve as an inspiration to our students in that they can soar like eagles by studying hard and practicing to perfect their craft.

BETA CLUB'S TOY DRIVE

The Beta Club members were busy writing and presenting promotional service announcements and flyers campaigning for donations

to their toy drive. As a result, there was an overwhelming show of support from our students and their families. The Memphis Family

Shelter received and distributed the donations to a well deserving family. Our Jr. Beta Club members believe that community service is a duty and a privilege.

Atticus McRae making a donation.
